*PMBOK® Guide changes are coming!*

Simplify your PMP® course update process with CertWise®.

Project Management Institute (PMI)® recently announced that the Project Management Professional (PMP)® Exam will be changing in 2017. Once Registered Education Providers (R.E.P.s) receive the updated *PMBOK® Guide*, the countdown begins. In a few, stress-filled weeks, you will need to review the changes, update your student and instructor course materials, and offer classes to new exam candidates. Simplify the update process and upgrade your courses with course materials from CertWise by Holmes Corporation!

Top 10 reasons to choose CertWise for your course materials:

1. **Save time and money** by continuing to offer classes while other R.E.P.s take time off or hire resources to update their course materials.

2. **Adopt premium quality course materials.** *The CertWise® Learning System for PMP® Exam Preparation* includes comprehensive reading materials, interactive online study tools and instructor materials (see back for details).

3. **Prevent inventory management issues** by ordering the materials you need, when you need them.

4. **Supplement your course with online study tools** including quizzes, flashcards, practice test, and progress reports.

5. **Eliminate ongoing maintenance.** Materials will be updated with changes to the *PMP® Examination Content Outline and PMBOK® Guide* so you never again have to think about aligning your materials. We've got you covered.

6. **Add technical support.** Support is provided by CertWise's Customer Care and IT teams for you, your instructors, and your students.

7. **Enjoy online progress tracking** that allows you and your instructors to monitor the progress of individuals and class sessions and focus instruction on difficult topics.

8. **Customize your course syllabus and PowerPoint slides** for corporate clients or specialized implementation.

9. **Enhance course promotion.** CertWise will promote your course on certwise.com/find-a-course and provide marketing support, advice and tools to help make your course a success.

10. **Simplify your R.E.P. renewal.** CertWise is an R.E.P. therefore your materials will not require additional evaluation from PMI®.

> " *Our instructors and students have commented on the depth and quality of the CertWise PMP exam training materials. The online study resources and practice exams place this program 'head and shoulders' above the competition."*
>
> — *Mike Amidon, M.Ed., University of Minnesota*

40 Years of course development excellence.

CertWise and its parent company, Holmes Corporation, have partnered with more than 250 colleges, universities and training providers to help over 1.5 million business professionals across 175 countries advance their careers through professional development and certification preparation courses.

SM **R.E.P.**

Quality PMP® exam resources to support instructors and candidates.

The CertWise® Learning System for PMP® Exam Preparation offers premium quality, interactive study materials for your course participants and turn-key planning, implementation and reporting tools for your instructors.

The CertWise® Learning System for PMP® Exam Preparation

COMPREHENSIVE READING MATERIALS

- Three printed books, containing over 650 pages of content, provide an in-depth exploration of the five knowledge domains tested on the PMP® exam.

- A glossary of key PMP® terminology is included at the end of each chapter, with official PMI® definitions.

- Progress check questions are included at the end of each chapter to help students check their understanding and retention of topics.

- Topics are presented in a concise, easy-to-understand format to cover the PMP® Examination Content Outline, and are organized to follow the *PMBOK® Guide*.

INTERACTIVE ONLINE STUDY TOOLS

- Pre-test evaluates students' initial knowledge to identify areas of strength and weakness to help focus studies.

- Chapter quizzes and process group quizzes test comprehension, retention and ability to apply concepts.

- Flashcards offer review of important key terms and definitions.

- Post-test gauges knowledge gained and areas that require further study.

- Practice Exam builds confidence and emulates the software used at the PMP® exam testing center.

- Progress Reports track students' activities and scores.

- Resource Center provides helpful test-taking tips, PMP® exam resources, feedback links, and more.

COMPLETE INSTRUCTOR RESOURCES

- Instructor Resource Book provides instructors background and direction to plan, introduce, and teach the course.

- 450+ customizable PowerPoint slides guide classroom instruction and discussion.

- Instructor version of student print materials include PowerPoint slide cues.

- Online reports summarize students' progress and test scores allowing instructors to tailor classroom discussion and support.
