

# The PMP® Exam is Changing 16 December 2019

Recommended Plan for CertWise® Global Partners

## BACKGROUND

- New Examination Content Outline (ECO) released 28 June 2019
- PMP® Exam will change to align with new ECO on 16 December 2019
- Changes are more significant than expected, requiring major updates to *The CertWise® Learning System for PMP® Exam Preparation*
- We will share the timeline for the updated product release when those details are available

## RECOMMENDED FALL COURSE PLAN

- Teach your 2019 courses using the **current** ECO and CertWise products (v6.0)
- Encourage students to take the PMP exam before it changes on 16 December
- Conclude 2019 courses by **15 November** so students can take the exam before it changes
- 5 and 8 unit agendas are on our update page to help you plan a condensed schedule

## SPRING COURSES AND CERTWISE PRODUCT UPDATE

- Base your spring courses on the new exam and updated learning system v6.19
- All candidates with a current license can request a free upgrade to the online portion of the new learning system v6.19
- The upgrades do NOT include new books but all reading material is available in the online product — books will be available for an extra fee of \$100 plus shipping and tax
- Upgraded seats cannot be transferred to new learners
- If you're interested in being a subject matter expert (SME), let us know
- Share your ideas/feedback regarding the new ECO and PMP Exam with our product development team—log into the learning system and navigate to the feedback section in the Resource Center
